Highlights of the week with America's Newspapers

Industry news

Does the public actually trust local news more than other institutions?

A new study from the Knight Foundation and Gallup says yes, but only because the national news is trusted so little. So while there's still trust in local, it's tenuous.

Price elasticity tests reveal revenue opportunities for publishers

A new report from Mather Economics found that digital-only subscribers were less sensitive to incremental renewal price increases than print-only readers in the same market.
