

Who is Motivation Communications Associates?

The founder and president of MCA, Jules Ciotta, is an organizational psychologist who specializes in leadership development, team building, sales training, customer service, and professional coaching.

Jules works with all size organizations including several Fortune 100 companies. He assists organizations to more effectively utilize human and other resources.

Why Motivation Communications Associates?

MCA can help you develop leaders, motivate staff, and set up a "no Excuses-Results" accountable work environment that is hands on and practical. His dynamic, shirt-sleeve style provides an enthusiastic, supportive climate where ideas are sparked, confidence is awakened, and positive thinking becomes the focus.

Motivation Communications Associates Philosophy

The organization which is truly interested in the well-being of its employees is less concerned with "management development" as a means of adapting the individual to the demands of the organization and far more interested in "organizational development" to adapt the organization to the needs, aspirations, and potential of the individual.

What are the Practice Areas?

Leadership, team, sales, customer service, and professional coaching development.

<i>Individual Self Perception</i>	<i>Leadership</i>
<i>Effective Verbal Communication</i>	<i>Supervisory Skills</i>
