- Revenues down 50% from 10-years ago
- Double digit percent losses Yr/Yr
- “Do our best to manage the losses...”
- BUT... is this decline partly our fault?

SaaS Solution to Extend Print to a Mobile Landing Page

DigiAd Admin Dashboard

The screenshot shows the 'Manage Ads' interface. At the top left is the SkyBridge Mobile logo and the tagline 'Media's Bridge to Mobile Marketing'. The user 'Tim Krug' is logged in at the top right. Below the header are tabs for 'Ads' and 'Users'. The 'Manage Ads' section includes several search filters: Company Name, Account Number, Contact Name, Keyword, All Statuses, All Publish Statuses, Created By First Name, and Created By Last Name. A 'Filter' button is located below these filters. An 'Add New Ad' button is on the left, and an 'Export' button is on the right. The main content is a table with columns: Company Name, Account Number, Contact Name, Keyword, Coupon, Created, Created By, Published On, Expires On, Title, Status, Publish Status, and Last Publish Status. The table contains three rows of ad data. At the bottom left of the table is a pagination control showing '1' of 1 pages.
