

NEW IDEAS, MORE VALUE.

Through 2016 at least **70%** of media companies will have the potential to save **25%** by reducing Infrastructure & Operational costs. These media companies currently spend **30%** of their revenue and **20%** of their time doing things that have **ZERO** to do with publishing content. Saving our clients **30%** of their operational costs and supporting revenue growth of media companies is **100% of our business.**

Allow NIIT Technologies to introduce your organization to our Solutions Platform for Infrastructure, Creative, Business Services, Applications and Customer Care. Our solution lets your organization focus on your business while we run your day-to-day operations.
