The R&D Committee will help SNPA ensure that its R&D members receive value from their memberships, and devise ways to maximize value for both newspapers and R&D members at the SNPA annual convention and at the Mega-Conference.

Please provide us with your answers to these questions:

Why would you like to be on SNPA's R&D Advisory Committee?

What ideas do you have that would increase the value of SNPA membership for you and other R&D partners?

The R&D Committee will help SNPA ensure that its R&D members receive value from their memberships, and devise ways to maximize value for both newspapers and R&D members at the SNPA annual convention and at the Mega-Conference.

The committee will consist of representatives from 4-6 partners. There will be a few meetings via conference calls as well as at the combined SNPA-Inland annual meeting in Colorado Springs.

The deadline to submit your application is Friday, August 18.
