

SOUTHERN
Circulation Managers'
Association

This year's SCMA and MACMA joint conference is being held at the newly renovated Read House hotel in downtown Chattanooga on April 4th-6th. The conference is called Evolution 2019 in honor of the newspaper industry's ever-changing landscape. We come together each year to make each other better circulators and this year will be the best yet. We have sessions on alternative revenue, single copy sales, and improving retention. Not to mention we have all of our business partners coming to let us know about the latest and greatest options they have to help our business. We have a few new business partners this year that we know you'll want to work with. Not to mention the very special event on Friday, a dinner cruise on the Southern Belle sponsored by the Chattanooga Times Free Press. It's sure to be a beautifully scenic trip down the river with delicious food and drinks. We look forward to seeing you at Evolution 2019!

We're opening the MACMA Time Capsule!
Join us to solve the mystery and
find out how those who came
before envisioned the
100th Anniversary of MACMA.
